

NOUR BEN JEMAA

IT STUDENT

Ben Arous, Tunisia | +216 58 389 859 | nourbenjemaa94@gmail.com | [portfolio](#) | [linkedin](#) | [GitHub](#)

IT student specializing in software development with a growing interest in AI/ML engineering. Working remotely as a developer alongside university, actively building web apps for business clients, from design to deployment. Experienced in full-stack web (Next.js/ Vite) and cross-platform mobile development, and I'm actively growing my skills in AI and cybersecurity.

Behind the screen, I volunteer with the IEEE student branches, community projects, hackathons and competitions.

A fast learner and eager to put my skills into practice on real-world projects

AREA OF EXPERTISE

Web Development	UI/UX Designer	Back-end developer
Content Management System	Mobile devleoper	Responsive Design
